Coverage information at your fingertips – 24/7

We want to help you to get the most from your plan's pharmacy benefits. And that means making sure you have access to the information you need when you need it. The best place to start is with the myCigna® App or website. It's your "go-to" place for everything you need to know about your plan's coverage.

See which medications your plan covers. You have hundreds of generic, preferred brand and non-preferred brand medications to choose from.

Compare your medication costs. Prescription prices vary by pharmacy. Use the Price a Medication tool to see how much your medication may cost at the different retail pharmacies in your plan's network and through Express Scripts Pharmacy®, our home delivery pharmacy. You can also see if there are lower-cost alternatives available.¹
